50 Most Influential Christians In America

By The Insider

The Church Report is pleased once again to announce this year's list of The 50 Most Influential Christians in America. The list is the result of over 200,000 nominations from readers of the magazine and our online readers. After carefully tabulating each nomination, what follows is a list of people deserving of our recognition and thanks. As with all types of lists, there are those not on this list, not because they were not deserving, but simply because we could not publish a list of the 100 most influential Christians in America. The staff of The Church Report did not choose this list, as we do some of our other lists throughout the year; rather, we feel that the nominations from Christians across America are more representative.

This year's most influential Christian in America, as chosen by the readers, is Pastor Joel Osteen of Lakewood Church in Houston, Texas. Pastor Osteen - who early in his church life never thought about being a pastor and preferred being in the background - pastors one of the largest churches in America, is a best-selling author and travels across the country speaking to packed arenas of people eager to hear his message.

Always humble, Pastor Osteen gives credit to his wife, his staff and his church family for his success and the many blessings of Lakewood Church. Pastor Osteen has a gift for reaching unchurched people with his message of positive thought and God's plan for our lives.

The Church Report congratulates Pastor Joel Osteen and all of the nominees for the Most Influential Christians in America!
